Learning Framework Oral Presentation

Please read the following guidelines for your oral presentation. Please inform me of any questions or concerns you have regarding the details of this assignment.

1. Students will prepare an informative oral presentation about their My Plan/Career Research paper.

2. Specifically students should address:

   a. An overview of their My Plan results
      i. Were your results accurate, inaccurate, some of both?
      ii. Explain why you think so.
      iii. How did you feel about your results after reflecting over your scores?

   b. Why are you interested in this career?
      i. Past influences
      ii. Present influences

   c. Inform us about the career you researched
      i. Education and/or licensure required
      ii. Daily tasks/ responsibilities
      iii. Places of employment
      iv. Salary (National vs. Local)
      v. Demand for job

3. Presentations should be 3-4 minutes in length.

4. Students may utilize note cards or an outline, although should not read their “script” to the audience.

5. Students will utilize at least one visual aid (PowerPoint, handouts, video, etc.). Visual aids must be tasteful and relevant to the topic they are presenting.

6. Students should dress professionally on their presentation date. Dress as you would for a job interview.

7. Presentations will begin at the beginning of class, so students should be on time and ready to present at the start of class on their presentation day.
